Chris,

Thank you for your comments; however, is there any way we can just say as negotiated on a yearly basis. This way we can see their justification may be for an increase in addition to what the Consumer Price Index - All Urban Consumers - Seasonally Adjusted Annual Rate is on an annual basis.. This way it seems that we are open to negotiation, especially if the CPI does not increase.

Thank you for your consideration. Interested in your comments....

Thanks,
-L

Bristow, Purchasing and Finance has reviewed the Amendment and listed below is our comment:

1. Add #2. Per Article 3 - Fees and Expenses, Section 3.02, replace "Consumer Price Index - All Urban Consumers" with "Consumer Price Index - All Urban Consumers - Seasonally Adjusted Annual Rate". We want to add more clarity to the Master Agreement since we weren't sure which rate increase to use during PA 7, either the "Seasonally Adjusted Annual Rate" or the "Not Seasonally Adjusted Annual Rate".

If you have any questions please give me a call.

Thanks, Chris

Attached is an amendment to the Clinimetrics Master Agreement to replace in its entirety the current Exhibit B containing the 2002 rates with a new Exhibit B containing the new 2003 rates that were provided to us in connection with Project Agreement # 7.

Please let me know if you have any questions.
